

## Kathie Gyles

I served as a Parent Governor for eight years while my children Holly and Charlie were going through Graffham and Duncton schools, and was Vice Chair for four of those years. Now that I look after the Graffham School office I have transformed into a Staff Governor!

Currently I chair the Teaching and Learning Committee, and manage the monitoring and review of our portfolio of school policies.

No such thing as “spare time” in my life ... I seem to spend every hour outside of school driving my children to and from hockey matches or training, and watching them play – which I love! *#proudhockeymum*
