

Marie Bracey

I was appointed community governor for the Federation in September 2009. However with the change of constitution this year I took over as the Local Authority Governor appointed by WSCC. I have been Chair of the Governing Body for the last two years.

I am a retired teacher and I currently I am Chairman of Duncton Parish Council, a post I have held for 8 years.

I love gardening, good food, horse racing and walking my dogs. I play tennis and in my younger days swam competitively. For many years I worked with the English Schools' Swimming Association organising major competitions. I have team managed the national schools' team at many major competitions.

I have been married to John for over 32 years and we live in Duncton.
