

Sonja Smithers

I joined the Governing Body as a Parent Governor in January 2015. I joined the Staffing & Pay Committee, which I now Chair. I have three children, two of them in the Lavington Park Federation.

I enjoyed a career in advertising before starting a recruitment business 11 years ago - I still co-run this part time, and do some marketing consultancy for local businesses, as well as fitting in the other bits and pieces that having three children entails. I have also chaired the Graffham Nursery Committee for five years.

I live in Lodsworth, and love gardening & veg growing - although my garden would look better if there were more hours in the day. Other things I don't have enough time for are Pilates, walking, and photography.
