

Lisa Bassett

I am a staff governor at Lavington Park Federation. I currently teach year 6, and have held this role for the past three years. Prior to this, I managed Graffham Nursery and taught year 3/4 at Duncton Junior School. I have worked at Lavington Park Federation over the past ten years. My son, Luke McCrone, completed his early years and primary education at Graffham and Duncton. He is now at secondary school, making brilliant progress, both academically and socially. I strongly believe this is as a result of the excellent, broad based, creative curriculum offered at both schools.

It is a joy to work within the Federation. The buzz, drive, creativity and constant strive for excellence is exciting and challenging.

On a personal note, I originally come from Cape Town, South Africa. I spent several years living in London, before moving to Chichester. I enjoy walking, sailing, travelling and spending time with friends and family.
