

Reverend Vivien Turner

With my husband Phillip I arrived in Graffham in the summer of 2018, from the Surrey village where our family grew up, to become priest-in-charge of St Giles Church. Having enjoyed a happy relationship with the local Infant School in Surrey, I now appreciate the opportunity to serve as a Foundation Governor here, working to strengthen links between church and school in creative ways and contribute on the Staffing Committee.

Four grown up children and four young grandchildren connect us to the joys and concerns of family life. May God bless all the children, parents, staff and governors of Lavington Park in our learning and growing together here.
