

Gareth Underhill

I have newly joined the board of governors as a parent governor. Two of my girls moved here from Midhurst Primary at the start of the year, so I was looking to get involved as we are resident in Duncton, and it felt like we were starting from scratch by moving part way through their schooling.

I have a health and wellbeing business, including a clinic and training studio, that is based in Midhurst. I also have an education company delivering vocational qualifications in a similar field. I studied exercise physiology at undergraduate level, and biomechanics at post graduate. I have worked in a clinical environment for BUPA and have managed the Health and Wellbeing of Sussex Police in previous roles.

I'm very interested in learning and skill acquisition, and obviously the health and wellbeing of pupils and staff.
