

Jane Landstrom

I joined the Governing Body as a Parent Governor in 2016 and after my four year term decided to remain a Governor as I enjoy it so much. It's great to be able to support such wonderful schools.

I have two children and both have been at the schools. My daughter is now at MRC and my son is at Duncton.

I enjoyed a professional career in finance and sales and marketing and in my last role, I worked for the Welsh Government promoting entrepreneurship in education. I now work from home and fit work in around my children and caring for my mother in law.

I have always loved working with children and have spent many summer holidays running kids camps and am a qualified swimming teacher.

In my spare time I love to travel and enjoy nothing more than a walk in the glorious Sussex countryside with my dogs.
