

## Sonja Smithers

I joined the Governing Body as a Parent Governor on the Staffing and Personnel Committee in January 2015. I have three children, all of whom have attended Graffham and Duncton schools.

I enjoyed a career in advertising before starting a recruitment business several years ago - I still co-run this part time, and do some marketing consultancy for local businesses, as well as fitting in the other bits and pieces that having three children entails. I have also served as Chair of the Graffham Nursery Committee in the past.

I live in Lodsworth, and love gardening and vegetable growing – although my garden would look better if there were more hours in the day. Other things I don't have enough time for are Pilates, walking and photography.
