

## Giovanni Soffietto

I fell in love with Graffham & Duncton when my first born attended Nursery, and progressed onto Reception. Having started three businesses and a Foundation, I am thrilled to be able to join the governing board and contribute to the future of this fantastic setting in any way I can.

My professional background is in running social enterprises and not for profits. I have lived in West Sussex for the best part of a decade, and we've loved living in the Graffham and Petworth area since 2016.

I am excited by the potential Graffham & Duncton has to offer local families and am passionate about advancing the schools in the current challenging economic climate.

In my spare time I am still an avid Mixed Martial Artist, and teach Brazilian Jiu-Jitsu and Muay Thai Boxing. I also love to get into the outdoors and open-water whenever possible.
