

Year 6 Residential to PGL Hindhead

Me, Evie and William were in a group together on the giant swing and we went as high as we could go, then pulled a string that made us swing down. Elodie

In my opinion my favourite activity was the giant swing, me Alfred and Noah took it to 100%. PJ

As we approached the top of the Jacobs ladder my legs went, they were wobbling like jelly trying to balance on tight rope. Once on the highest beam, I looked down and saw what once looked like boulder rocks, were now dots of colours that made up our landing ground. Evie

The rock climbing was my favourite activity because it was so high! Toby

My favourite one was the zipwire, I was a little scared at first but I did it and enjoyed it! Ben

On our residential, year 6 were on a giant swing and I went with PJ and Noah. We went at 100% height! Alfred

Year 6 had an amazing time at Marchants Hill, the instructors were so encouraging and kind. We loved every minute of it, the dorms were small but warm and comforting after a long day of work. Rosie

We did abseiling, its where you go on a big tower and you lean all the way back on a flat wall and you walk down until you reach the bottom, you are attached by a rope and harness. Freddie

I cant decide what made the residential the best because everything was sooo much fun ! The activities were brilliant and the instructors were so kind. Myla

The giant swing was my favourite because it was snowing! Noah

My favourite thing was Jacob's ladder because it was really fun and me a Freddie got to the top! William

The best thing we did in my opinion was the zipwire because I felt like I was flying! Charlie
