## We are looking for ...

In preparation for the summer performance Graffham School are looking for plastic bottle lids and any old unwanted umbrellas. Please drop them into either office, we will pass them on.

Thank you

**Please can your child complete this survey** which has been sent to us by;

Dame Rachel de Souza Children's Commissioner

As the Children's Commissioner I've launched this survey so you can have your say on what it's like to be a child or young person in England today. I will take your views to the Government, to help them make life better for children.

I want to hear from children and young people aged 0–18 from every background, in every part of the country. The survey asks about the things they enjoy, the challenges they face, the changes they would like to see in their communities, and what they believe a good childhood should look like today.

Participation in The Big Future also provides schools with an opportunity to demonstrate their commitment to civic engagement. The findings will help inform national conversations and decision-making about children's lives and futures at the highest levels.

Everything you tell me will be kept private. You don't have to answer any question if you don't want to. There are no right or wrong answers. Just answer honestly! To find out more, visit my [website](#).

**Children @ Duncton will have the opportunity to complete this in school, in discussion with the children some have requested to complete it at home. The survey should take no longer that 5 minutes.**

**All students should complete the survey here:**
